ASEAN Farmers' Organisations Support Programme (AFOSP)

About AFOSP

Implemented since 2015, the ASEAN Farmers' Organisation Support Programme has worked to improve livelihoods and food security for smallholder farmers across the ASEAN region. Funded through the European Union (EU) and the International Fund for Agricultural Development (IFAD), the AFOSP has been implemented across the ASEAN region, with particular focus to Indonesia, Myanmar, Viet Nam, Philippines, Malaysia, Laos PDR and Cambodia. Starting in October 2015, it is scheduled to run for 43 months, with the overall aim to support ASEAN Farmers' Organisations to become: *Stable, performing, accountable organisations, capable of providing effective and sustainable services to their members, with the ability to influence policy and corporate processes on agriculture and food security issues at local, national, ASEAN regional and global levels.*

To achieve this goal, AFOSP will work across two programmatic areas – the Medium-Term Cooperation Programme with Farmers' Organisations in Asia and the Pacific (MCTP2) and Farmers Fighting Poverty. MCTP2 focuses on engaging farmers' organisations within the wider ASEAN environment, with its key outcomes aimed to:

- Strengthen the roles and functions of Farmers' Organisations, both in servicing members and engaging in policy development and dialogue across regional, sub-regional and national levels;
- Promote and advocate for the interests of smallholder farmers, particularly through addressing concerns within the policy process; and
- Provide effective pro-poor services within ASEAN's Farmers' Organisations.
